The Science and Significance of Eucharistic Miracles Saturday, Sept. 21, 6pm (after 5 pm Mass), St. Mary's Parish Hall The consistent teaching of the Catholic Church is that the Eucharist is truly the Body and Blood of Jesus Christ under the appearance of bread and wine. But most people, even many Catholics, doubt this teaching. In order to manifest Christ's Real Presence and dispel doubts, God sometimes provides us with Eucharistic miracles, which include consecrated hosts being transformed into real human flesh and blood. This presentation will strengthen faith in the Real Presence and equip attendees with new information for sharing with family and friends about the importance of regularly attending Mass.
